

Central Service Technician

Prepare for a career in the fast-paced field of Healthcare Sterile Processing. Central Service Technicians work in hospitals and surgery centers to clean, decontaminate, disinfect, sterilize, and distribute medical and surgical instruments and equipment. With classroom lectures, lab instruction and a clinical experience, students will be prepared to take IAHCMM's (International Association of Healthcare Central Service Material Management) certification exam.

Dates: February 7 - May 11, 2018

Classroom: February 7 - April 23

Monday and Wednesday, 6:00 - 9:00 p.m.

Clinical: April 30 - May 11

Full time, Monday through Friday

Day or evening shift clinical rotations

Cost: \$1,250.00

Requirements:

- Vaccination records and background check are required prior to clinical
- Physical demands include standing for up to 8 hours, repetitive lifting of up to 25 pounds, and pushing/pulling heavy carts

Course Acceptance: A satisfactory score is required on the reading comprehension Accuplacer test for registration. You are exempt from this testing if you have a college GPA above 2.0.
